

U2A2 – International Curricula

Performance Outcome

Candidates explain to what extent the most popular international curricula are international in context, content, and expectations

Scope

- Compare and contrast major international curricula (choose two at least)
 - IB
 - IPYC, IMYC
 - IGSCE
- Visually present comparisons of elements indicated on activity page
- Choose the most appropriate for your foreseen situation and explain why
- Brainstorm reasons for regional popularity of different curricula

Deliverables

- A presentation that compares two of the most popular international curricula
- A report of not more than 3000 words on:
 - Your discussion of which system is best for your situation, and
 - Your evaluation of why different curricula are more popular in different parts of the world

Notes

- Research those countries and curricula most relevant to your interests and goals
- Keep an eye on training and accreditation required by different curricula
- Aim to be able to knowledgeably and comfortably answer the question, “What international curricula do you recommend for our school and why?”
