

U3A2 - Activity 2: Impact of Globalization on Regional Education Systems

Performance Outcome

Candidates analyze the impact of globalization on regional education systems

Scope

- Group project
- Presentation on platform of your choice
- In the body of your work, address at a minimum the following points:
 - *Patterns in regional adoption of specific programs (e.g., patterns of implementation of programs such as IB and CIE) with specific examples*
 - *Trends in regional adoption of specific program with specific examples*
 - *Documented reasons for these patterns and trends*
 - *Inferred reasons for these patterns and trends*
 - *Challenges and opportunities presented by the effects of globalization on education with an eye towards your reported data*

Deliverables

- A publicly accessible presentation on the impact of globalization on education systems

Notes

- Choose regions of interest to you and that may be relevant to your research proposal
- As a cohort, try to cover regions that demonstrate the varied approaches being taken
