

# U4A3

## Performance Outcome

Candidates reflect on the impact of globalization and its opportunities and challenges for the classroom

# Scope

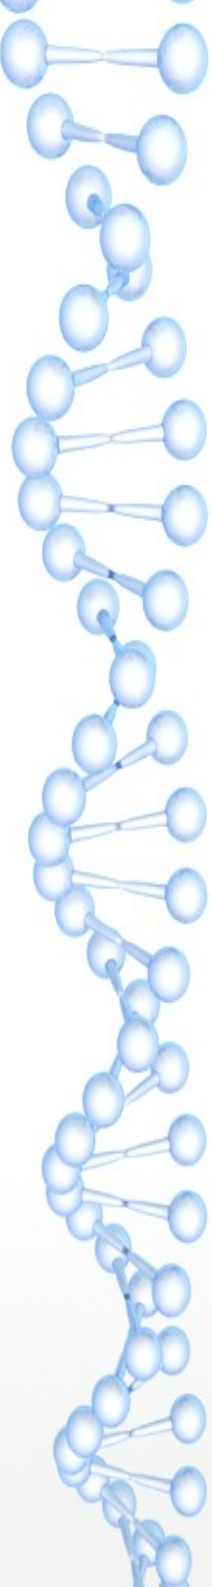

- Review the module and identify some of the major educational challenges and opportunities posed by globalization
- Create an action plan for how you personally and practically will address at least 2 challenges and capitalize on at least 2 opportunities starting the next term or school year

# Deliverables

- A practical action plan for putting knowledge from this module into practice

# Notes

- 
- Action items can be short term or long term
  - They can be strategies and 'soft' elements or more concrete items such as specific materials
  - Any thoughts?
