

M7U2A1

Performance Outcome

Candidates plan a lesson with a mentor for the first week of clinical practice

Scope

- Write a detailed lesson plan for the lesson you plan to video in your first week of clinical practice.
- You must use the TEACH-NOW lesson plan template in the resources to plan your lesson based on the relevant objective(s) to be covered during the week.
- Your lesson plan should clearly indicate where Standard 1, Student Development, is addressed. Include a description of follow-up or independent practice activities.
- Discuss with your mentor the lesson plan and arrangement of the required materials.
- Write or video a summary of your lesson plan discussion with the mentor.

Deliverables

- Detailed lesson plan using the Teach-Now template
- Summary notes or video of the lesson plan discussion with the mentor

Notes

- Note that when you video this lesson next week it will be your baseline video.
- Remember to read the rubric for all your activities
